Marcello Rossi

I currently work as a team Leader in Techedge's Mobile & Cloud department I am responsible for designing applications (both technically and functionally), project management, supervising project budgets, and conceiving cloud architectures.
Finally, I lead a team of 30 people, for whom they are responsible in terms of technical training and personal mentorship.
I am a fervent substainer of agile project management, a passionate software developer and a strong believer in the importance of interdisciplinarity.

9	Years of experience in IT projects.	30	People in the team I currently manage	12	Certifications between cloud, agile and design.

Software

I started my career as a software developer. Beginning from Microsoft technologies, I explored the open source world as well and landed as a fullstack developer. During my nine years experience I worked on more than 50 projects, designing software architecture (always on cloud in the last three years) and leading a technical team that now counts 30 people.

C#   Typescript   Node.js   Python
React   HTML   CSS/SCSS   JS
SQL Server   Oracle   MySQL   MongoDb
Azure   Docker   Kubernetes

AZ-900 Azure Fundamentals
Microsoft Certified

AZ-204 Azure Developer Associate
Microsoft Certified

AZ-420 Azure Azure Cosmos DB
Microsoft Certified

AZ-305 Azure Architect
Microsoft Certified

Agile

I apply agile & lean techniques to project and people management, frequently playing the role of Scrum Master. I have worked on several projects both in Scrum and Large-Scale-Scrum methodologies.
For me the most important agile values are inspect & adapt and continuous improvement, that I continuously advocate with my team.
